PLAYGROUNDS
TO LIFE

OUTDOOR PLAY
SCULPTURES

EXTRAORDINARY SCULPTED PIECES THAT STAND OUT

Transform any outdoor playground into an unforgettable experience by adding durable hard-coated play elements. Our larger-than-life sculptures add a sense of enchantment, taking play to a whole new level. Add a signature element to an existing playground or create an immersive experience by theming an entire playground.

BUILDING HAPPY COMMUNITIES WITH PLAYABLE ART SCULPTURES

Kids of all ages love playing on our stimulating outdoor sculpted pieces. Their unique and vibrant look adds endless visual appeal to your playground. Thanks to our Glass Fiber Reinforced Polymer (GFRP) hard coat, you can count on our play sculptures withstanding even the harshest weather elements.

Other benefits include:

- Engaging Play for Younger Visitors
- Endless Imaginative Play
- Develop Social Skills
- Enhances Physical Play
- Boosts Problem Solving Skills
- Enhances Risk Taking Skills

Our sculpted pieces are not only fun, but they provide learning experiences as well.

BIG IMAGINATIONS NEED LIFE-SIZED PLAY

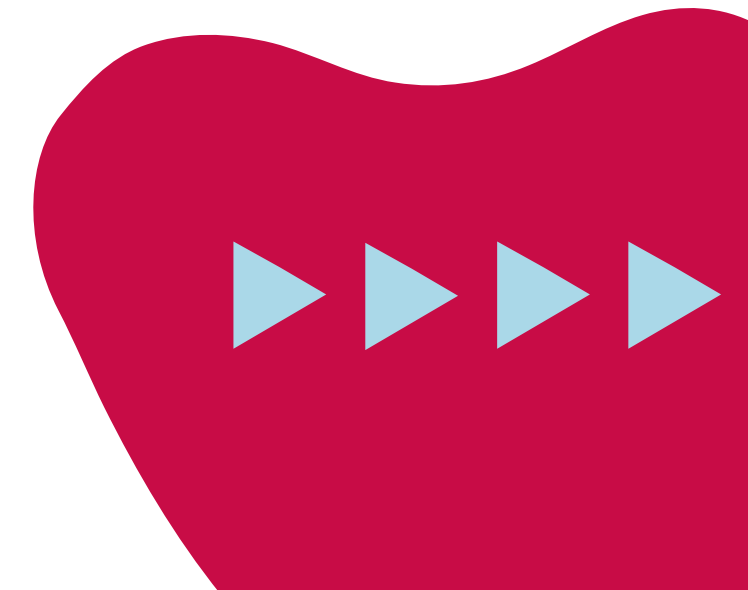

Dream big. Imagine new worlds.

The sky is the limit when you partner with Soft Play. No matter how big of an idea, we bring your vision to life. Explore our ready-to-ship outdoor playground sculptures or mesmerize audiences with custom-designed pieces.

BUILT TO LAST

Our GFRP outdoor play sculptures are sturdy, fade-resistant, and UV-durable, making them an ideal choice for active play. The hard coat is easy to clean and stays in good condition for decades. GFRP materials can handle over two tons of pressure per square inch with a strength-to-weight ratio comparable to steel. They are resistant to extreme weather conditions, fire, and many chemicals. GFRP elements comply with ADA and ASTM standards.

Spark imagination and foster creative engagement with Soft Play products that will last for many playtimes to come.
