

HAND SANITIZER STATIONS

The Wabash Valley Hand Sanitizer Station

- Markets: Outdoor parks, playgrounds, restaurants - anyplace where people do not have access to soap and water to wash their hands.
- Tough and durable welded carbon steel construction for the most demanding indoor and outdoor applications.
- Four models available with and without tamper-resistant lockable cabinets.
- All units are 100% powder coated with a 5 year warranty that guarantees that the unit will not rust under normal usage. Units have been tested for adhesion, chemical resistance, corrosion and fade resistance as per AAMA 2605-05 (American Architectural Manufacturers Association).
- A wide variety of colors are available - see color chart on next page.
- Compatible with most hand sanitizer dispensers. Units can be mounted using pre-drilled holes or new holes can be drilled by the installer.
- Adhesive backing can also be used to mount dispensers to the back plate. (Adhesive backing is not included.)
- Surface mount for applications where the unit can securely and permanently be mounted to solid surfaces.
- Portable/surface mount provides improved stability. Units can be fastened to a solid surface and stable enough to be used without fasteners when mobility is required.
- Hand sanitizer dispenser and sanitizer not included.
- Manufacturer's limited warranty. Made in the USA.

Hand Sanitizing Station without hood, surface mount (dispenser not included)

Hand Sanitizing Station with hood and label, portable/surface mount

Parks & Playgrounds

Powder-coating available in all colors below:

- The one-piece base-stand without hood option is available in one color only.
