Miracle

Mini City, Big Fun!

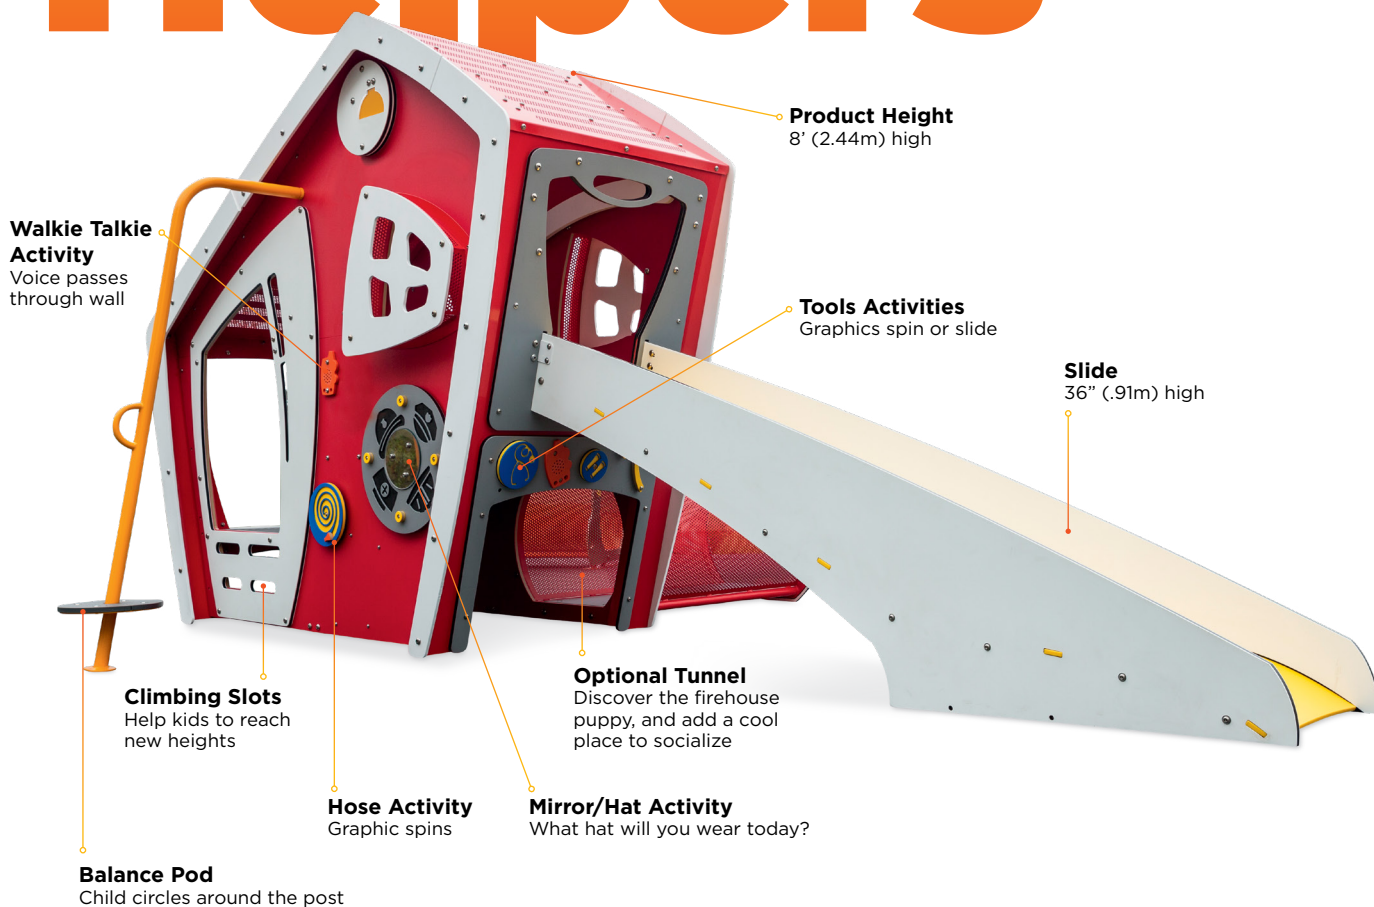

Playhouses have been a favorite with kids for decades, but now the Miracle® Mini City builds an entire community around the concept. Created with input from experts in child development and inclusion, the fun and whimsical designs of the Mini City reflect life through the eyes of a child. Each product in the Mini City line was designed to be enjoyed by children of all abilities, including those with autism, developmental delays, and those who use mobility devices.

Mini City's open designs keep kids in easy view at all times and encourage imaginative and interactive play among kids, parents, and caregivers. Each Mini City product was designed specifically for children ages 2-5 (18 months-5 years CSA) to encourage the development of physical and gross motor skills and provide opportunities for unoccupied, solitary, parallel, associative, and cooperative play.

Communit Helpers

Community Helpers gives kids a stage to emulate helpers in their own communities—such as police, doctors, and firefighters. A built-in transfer point provides an opportunity for children to transfer out of their wheelchairs to access the interior and go down the slide. Generous openings are designed so caregivers can be involved in the play. Community Helpers may be purchased with or without a tunnel. Change the color to suggest other community buildings, such as a police station or a hospital! *Patent pending

With tunnel in-ground / Product Number: MR0880

With tunnel bolt down / Product Number: MR0880BD

Without tunnel in-ground / Product Number: MR0889

Without tunnel bolt down / Product Number: MR0889BD

Other Play Features

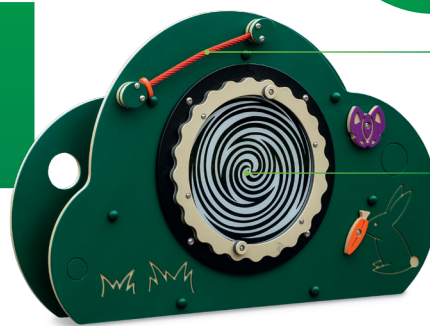

- Paw Print and Ball: Graphics spin.
- Doorbell: Button clicks when toggled.
- Step Up: Assists entry to the interior.
- ADA Transfer Point: Handles provide support.
- Polycarbonate Skylight: Creates colored light patterns inside.
- Bell Activity: Ring the bell.

Garden Sensory Wall

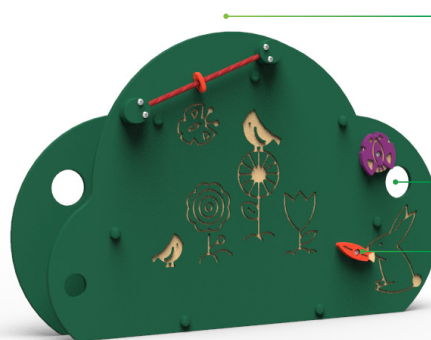

Available for one (front) or two (front and back) activity inserts, the Garden Sensory Wall provides important ground-level play that's accessible to everyone. Manipulative objects on the sheet plastic panels are located strategically within the ideal reach range for 2-5-year-olds. Rope elements provide a handgrip for children learning to stand and move about on their feet, thus encouraging mobility.

Double-Sided in-ground / Product Number: MR0884
Double-Sided bolt down / Product Number: MR0884BD
Single-Sided in-ground / Product Number: MR0888
Single-Sided bolt down / Product Number: MR0888BD

Rope Slider
Move the disk along the rope

Interactive Insert
Hypnotize Panel Insert shown. Choices vary. Sold separately

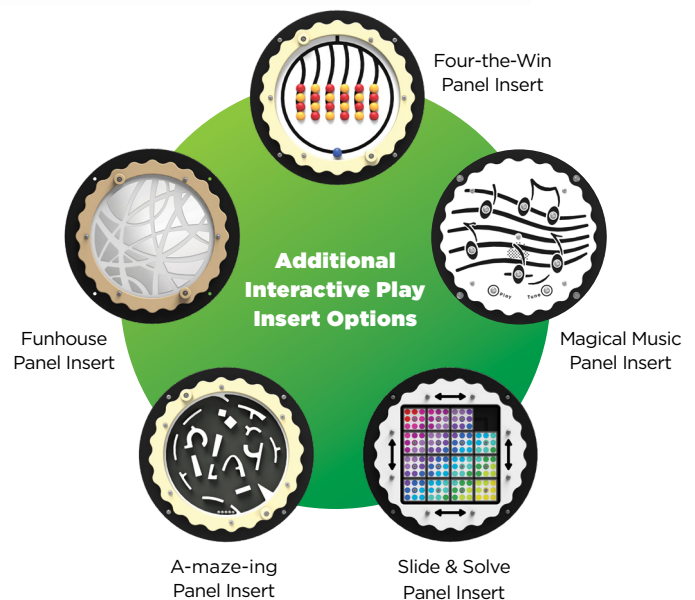

Product Height
2'10" (.86m) high

Peek-A-Boo Opening

Garden Features
Spin on axis

Single Sided Reverse View

Additional ground level components may be required for ADA and ASTM compliance.

Chatter

The Chatter is a natural social hub with an interior designed to support people of all abilities, including those using wheelchairs. It features the same whimsical lines and architectural details as the rest of the Mini City collection, so it fits right in with any scenario you might create.

In-ground / Product Number: MR0887

Bolt down / Product Number: MR0887BD

Other Play Features

- Bird Cutout: Thematic element.
- Roof: Provides shade.
- Skylight: Creates colorful patterns.
- Benches: Provide a place to rest.
- Product Height: 6'11" (2.11m)

The Traffic Light brings an important play element to the Mini City collection. Color recognition and sensory stimulation provide educational pretend play opportunities!

In-ground / Product Number: MR0886

Bolt down / Product Number: MR0886BD

Lights

Colored polycarbonate

Traffic Light

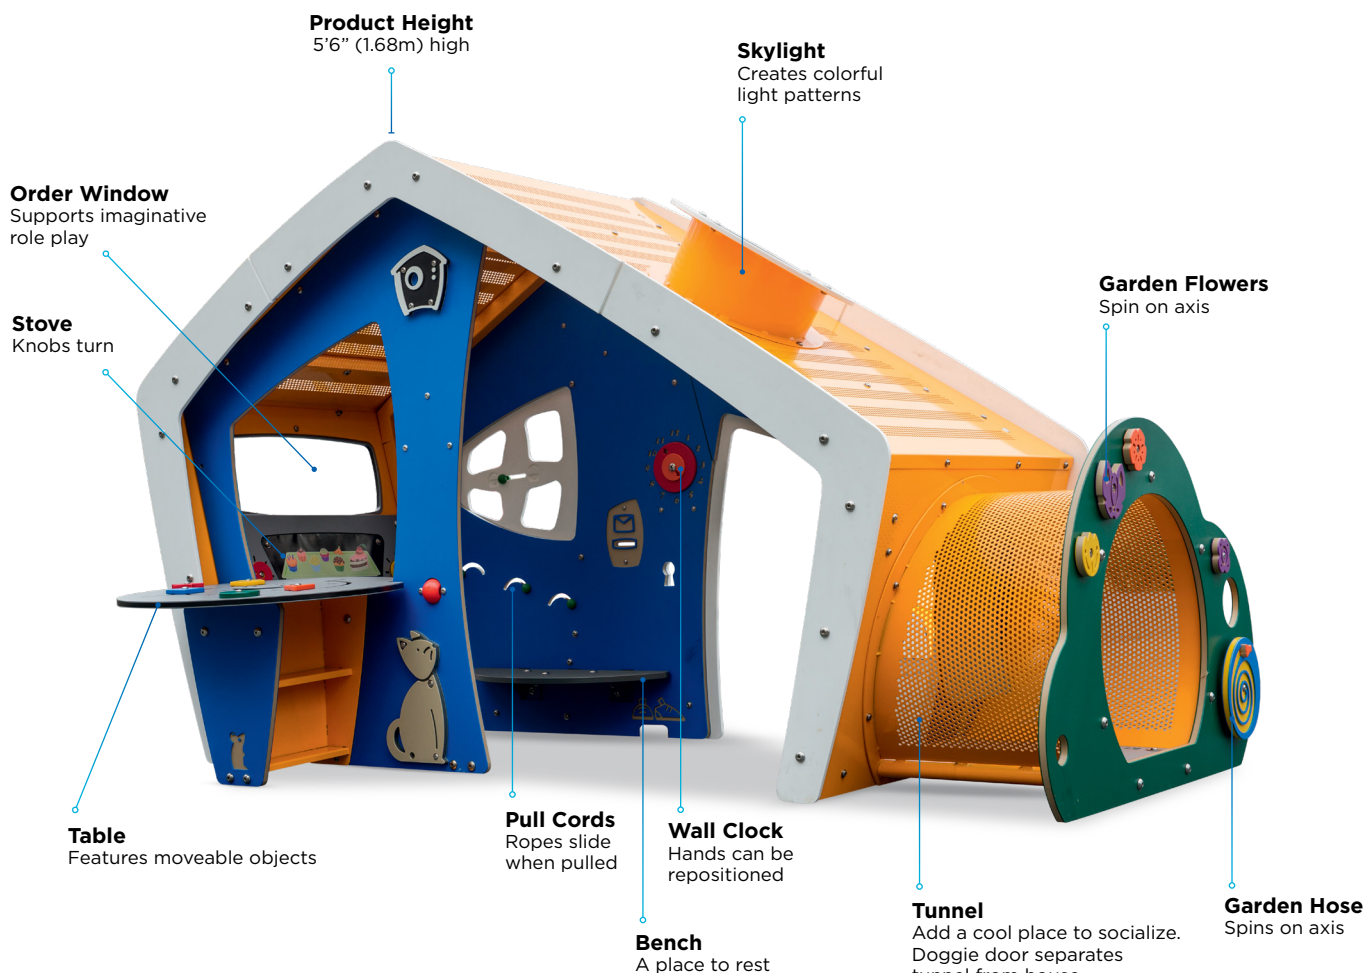

Garden Crawl Tunnel

Children love to hide in small, cozy spaces. The Garden Crawl Tunnel gives them that opportunity while making it possible for a caregiver to keep an eye on them at all times. The design can accommodate several children at once, making it a great social space, as well as a passageway!

In-ground / Product Number: MR0883

Bolt down / Product Number: MR0883BD

Playhouse

Playing house is a staple of childhood, but it's never been this realistic before! The Mini City Playhouse has interactive details that give kids the chance to pretend to cook, care for pets, and more. Every detail of the Playhouse was carefully planned to be engaging and inclusive. Openings are designed to accommodate a user with a wheelchair and allow caregivers to be involved in the play. The Mini City Playhouse is packed with interactive features, adding an element of realism to this wonderful world of imagination! *Patent pending

In-ground / Product Number: MR0882

Bolt down / Product Number: MR0882BD

Other Play Features

- Doorbell: Clicks when toggled.
- Keyhole: See through to the other side!
- Window Lock: Toggle slides in slot.
- Whimsical Details: Add character to the play story.
- Mailbox: Slot passes through wall.
- Crawl Through: Access from exterior to interior.
- Animal Details: Add character to the play story.
- Flower Box: Spins on axis when turned.
- Pizza: Slice location moves as turned.
- Ball of Yarn: Spins on axis when turned.
- Routed Images: Add thematic detail.
- Grill: Knobs spin.
- Doggie Door: Flap moves when crawled through.

Silly Tree

The Silly Tree features engaging interactive elements and adds a woodland feature to the Mini City collection. Forest-themed manipulative objects on the sheet plastic panels are located strategically within the ideal reach range for the target age group. Rope elements inside the tree trunk provide a handgrip for children exploring the interior. Silly Tree helps kids recognize nature concepts and act out imaginative scenarios. *Patent pending

In-ground / Product Number: MR0885

Bolt down / Product Number: MR0885BD

Other Play Features

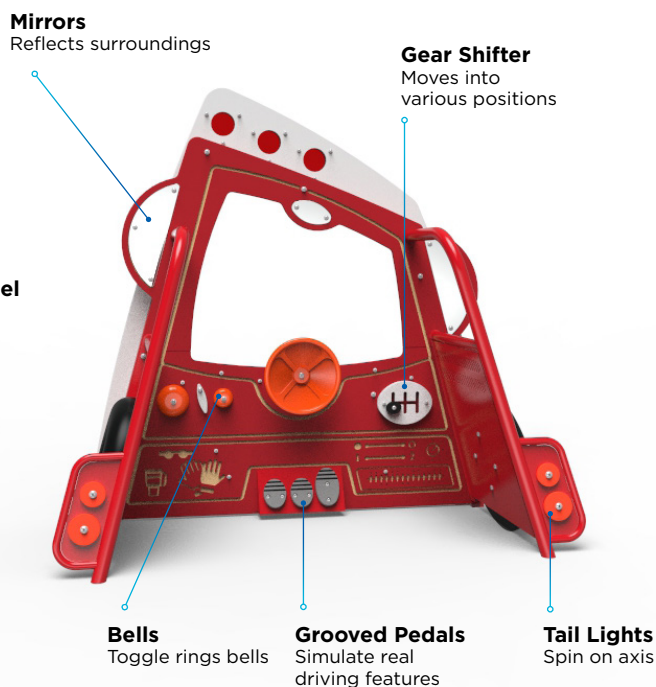

- Snail Slider: Move object along a track.
- Tree Window: Look-through element.
- Owl Face: Eyes spin.
- Salamander Slider: Move object along a track.
- Kid Window: Look-through element.

Truck

Every detail of the Truck was carefully planned to be engaging and inclusive. Interaction occurs at ground level, making it broadly accessible. The generous interior space is designed to accommodate everyone, including those with wheelchairs who can wheel in and join in the play. Much like Community Helpers, color scheming makes the Truck extremely versatile. It suggests a firetruck when portrayed in a red scheme. However, changing the main color will suggest something completely different. *Patent pending

In-ground / Product Number: MR0881

Bolt down / Product Number: MR0881BD

A vibrant, colorful play mat featuring a winding blue river, green grass, and various animal figures like a turtle, frog, caterpillar, and butterfly. The mat includes interactive elements like a small house, a clock, and a tree.

- Including themed equipment and color scheming for a custom look
- Using creative surfacing to make a tricycle track or other imaginative scenarios
- Incorporating musical instruments to engage all ages
- Adding other freestanding equipment to give kids even more play choices
